Personal Information

Date of Birth:	05 September 1996
Nationality:	South African
Gender:	Male
Marital Status:	Single
Availability:	Immediately Available

Profile

I'm a graduate in Mathematical Sciences with majors in Computer Science and Applied Mathematics at the University of Limpopo. Particular interests are in software engineering/development, web development, data science and graphic design. I'm a vibrant individual who doesn't shy away from asking questions that lead to developing my interests and stirring innovation. I love building, taking an idea to a tangible program is highly satisfying for me and it keeps me motivated in building software programs that will have an impact in the future.

Education

National Senior Certificate , Taxila Secondary School, Polokwane	2010 - 2014
<ul style="list-style-type: none">Science Stream: Mathematics, Physical Science, Life Science, Accounting.	
Bachelor of Science (Mathematical Sciences) , University of Limpopo	2015 - 2020
<ul style="list-style-type: none">Low level executions and algorithms of how a computer operates.Data structures and computer architecture were introduced.In a better position to identify client requirements, interpret them using various design techniques such as UML (conceptual models) and wireframes.	

Achievements/Roles of responsibility/Leadership

2019: Final year project group leader
<ul style="list-style-type: none">Worked alongside a group of 4 to produce an online platform for students to sell and buy books from each other.Worked on the website using PHP, Laravel and MySQL as our database.Acquired more knowledge about the use of APIs, Database, JavaScript through this project.

2021: Microsoft Certified: Azure Fundamentals

Work Experience

Mentor, Student Mentorship Program (SMP) University of Limpopo, May 2019 - October 2019

- Decided to mentor first year students with the aim of removing the fear of coding on students.
- Taught students to do research on their own, watch videos and read documentations on any coding problem they encounter.

Computer Science Lab Assistant University of Limpopo, February 2019-October 2019

Computer Science Lab Supervisor University of Limpopo, February 2020 - January 2021

Cloud Computing Intern (Microsoft Training & VGA Programme) Deviare, July - September 2021

- Azure Fundamentals
- Core Azure Services
- Cloud Concepts

IT Security and Robotics Consultant Regen Institute, September – November 2021

Data Analytics and Power BI Deviare, November 2021 – February 2022

Key Skills

Facilitating

- Mentor for first-year Computer Science Students.

IT and Computer

- Able to develop responsive websites using HTML, CSS and JAVASCRIPT.
- Design UX/UI for website and mobile with Figma.
- Able to use Adobe Photoshop, Adobe Illustrator, Adobe Lightroom for graphic designing.
- Knowledge in Computer Networks, IT security and Systems Security.
- Proficient in Microsoft Office.

Communication

- Languages: English (fluent), Sepedi (fluent), Tshivenda (intermediate), IsiZulu (intermediate).
- Good at interpersonal communication.
- Research skills & Presentations skills
- Ability to collaborate well with individuals who have diverse skills.
